### Fire on board M/V Maersk Honam 806W

Asia to the Mediterranean

Situation update 7 – state of salvage operations

24<sup>th</sup> April 2018

Dear Customer,

We wish to update you on the situation regarding the salvage operations for Maersk Honam. The ship is expected to arrive at the anchorage area near Jebel Ali on 24<sup>th</sup> April 2018. After arrival, operations to completely extinguish the hot spots will be carried out, along with other work to ensure that the vessel can be brought safely alongside at the port of Jebel Ali for cargo discharge operations.

It is estimated that the operations at the anchorage will require between 4 to 5 weeks to be completed.

We regret the delay and will keep you updated about the further progress of the salvage operations. Thank you for your understanding and cooperation.
